

In Memoriam
Murray Stahl
1953 - 2026

On April 7th, our beloved friend and board member passed away suddenly. Murray was a transformative presence on our board for 23 years, sharing his passion, wisdom, and extraordinary largesse. As the founder, chairman and chief executive of the investment firm Horizon Kinetics, Murray was the embodiment of creative thinking, leading his company not only with brilliance but also with compassion, respect, and an unerring moral compass. We send deepest sympathies to his wife, Teddi, his children Benjamin and Arielle, and all his colleagues at Horizon Kinetics. Our Phil Family has lost a leading light.

May his memory be a blessing.
